

## WOULD YOU LIKE A STRATEGIC PARTNER WHO...

- + customizes services based on a comprehensive needs assessment?
- + builds on your school's strengths to maximize student achievement?
- + supports your team to develop a collaborative school climate?
- + facilitates systematic professional development to improve teaching and learning?

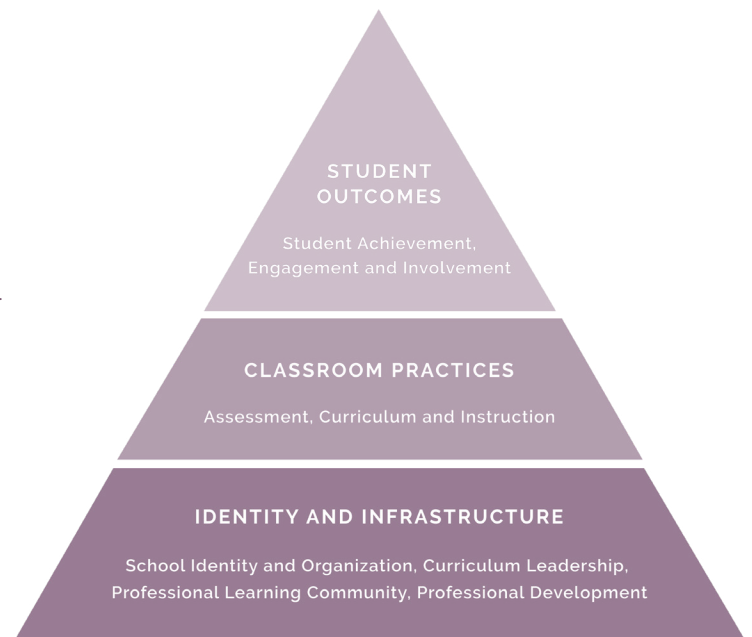

SchoolRise creates partnerships with schools and community organizations to address nine key dimensions necessary to develop a long-term trajectory of improvement and growth through professional development. Our consultants are 'experts with heart' who collaborate with staff to build capacity for sustainable growth using a coherent research-based process that addresses: *Identity and Infrastructure, Classroom Practices, and Student Outcomes*. We believe all schools have unique strengths and challenges, thus customize our services to meet your specific needs. Support is provided via on-site professional development, virtual sessions, cross-site networks, and e-support.

SchoolRise approaches school improvement systematically through *Seven Levels to Success*. Our support guides infrastructure development to support effective classroom practices that lead to high levels of student outcomes.

+ **Identity + Infrastructure**, foundations for successful organizations. Our schools create one united school professional learning community with a clear identity, effective leaders, and a coherent plan for professional development.

+ **Classroom Practices**, fundamental to successful graduates. Our schools develop their own curriculum to address their diverse students' specific needs.

+ **Student Outcomes**, emphasizing not only student achievement, but also their engagement and involvement in a lifetime of learning.
